DETAILED ACTION

Election/Restrictions

Restriction is required under 35 U.S.C. 121 and 372.

This application contains the following inventions or groups of inventions which are not so linked as to form a single general inventive concept under PCT Rule 13.1.

In accordance with 37 CFR 1.499, applicant is required, in response to this action, to elect a single invention to which the claims must be restricted.

Group I, claim(s) 1-18 and 32-35, drawn to a food composition containing XOR.

Group II, claim(s) 19-25, 36 and 37, drawn to a method of making an XOR food composition by mixing and pasteurizing.

Group III, claim(s) 27-31, drawn to method of administering the XOR food product.

The inventions listed as Groups I-III do not relate to a single general inventive concept under PCT Rule 13.1 because, under PCT Rule 13.2, they lack the same or corresponding special technical features for the following reasons: The Groups appear to be linked by the technical feature of the XOR composition of Group I as detailed above. However, this food product is well known since XOR is found in many known food products like milk, liver etc... Thus, the linking technical feature is not a contribution over the prior art. Each of the Groups has a technical feature as described above, which is not required for the other Groups.

A telephone call was made to John J. Gresens on November 6, 2001 to request an oral election to the above restriction requirement, but did not result in an election being made.

Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a petition under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).
